PHILIP KOHLER

has successfully completed the online, non-credit Specialization

Advanced Business Analytics

In this specialization learners developed a comprehensive understanding of the entire lifecycle of analytics that they can apply to grow your business, increase profits, and create maximum value for shareholders. They gain such data analytics skills as extracting and manipulating data using SQL code, executing statistical methods for descriptive, predictive, and prescriptive analysis, and interpreting, presenting and discussing analytic results.

David Torgerson,
Instructor
Manuel Laguna,
Professor of
Management Science
Dan Zhang, Associate
Professor of Operations
Management

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
